Description

DTU291-6

House with private pool, roof garden, full wall windows with green views, concierge, driver, gym, 958m2 pool, kids areas, and more amenities, pre-construction, eco sustainable, Tulum, for sale.

Open spaces and green views are the main characteristics of this house.

Live surrounded by nature, at the same time with concierge service and transportation at your disposal, with amenities for all ages.

You will feel that you live in the jungle thanks to its panoramic windows, being surrounded by trees you maintain a green view and absolute privacy.

HIGHLIGHTS OF THE HOUSE

Houses designed to have absolute privacy surrounded by trees, with spaces as wide as they are rare in Tulum.

Architecture that leaves dominant natural lighting. Through swallow lights and large windows.

Enjoy the outdoors all day thanks to your garden with private pool, roof garden with panoramic views and common outdoor areas.

Bright house with large windows that allow each of the most important spaces to have natural lighting, even in the bathrooms.

Living room with full wall window and access to the garden and opens to create a

larger space ideal for entertaining or having an indoor-outdoor lifestyle.

Master bedroom with full wall window and view of green areas, wake up to a natural spectacle every morning.

Guest bathroom.

BATHROOM WITH DOUBLE SINK

Large bathroom in master bedroom, with double sink, there will be no fights to brush your teeth or get ready for those special days, plus a full glass wall with panoramic views of green areas.

GREEN BUILDING

Facade of the development designed with ornamental plants that are part of the design, large planters in common areas and green views in the central pool.

More than 23,109 m² 80% of which is destined to green areas and amenities.

Low density, only 60 residences.

SUSTAINABLE DEVELOPMENT

This development seeks to meet the 17 sustainable development objectives of the UN-Habitat and seeks to comply with the NMX-AA-164-SCFI-2013 standard for green building.

Water treatment plant.

Water reuse for irrigation system. channeling rainwater to natural rock filters.

Reduction of electrical energy consumption with spaces for solar panels.

Cross ventilation in the design of spaces to reduce the use of air conditioning. Your home will stay cool at a low energy cost.

Mini split inverter air conditioners (which save energy) in bedrooms and social area.

AMENITIES AND SERVICES

Gardens and water mirrors will brighten your days while you enjoy the common areas.

Among its amenities, well-being is promoted with yoga, calisthenics in ventilated and open spaces.
